

June 2024

2023 – 24 Industry Partnerships Program funded projects

Project owner	Arbre Forest Industries Training and Careers Hub Inc.
Project title	Forest Machine Operator Simulator Training Equipment
Project description	To provide additional resources for the training of Australian School-based Apprenticeship (ASbA) Cadets under the Next Generation Forestry Operators Program and the upskilling of existing machine operators, and pre-employment training for new adult operators in the nationally recognised training unit of competency FWPHAR2210 - Operate a forest machine simulator in a virtual environment.
Partner	Timber Training Creswick
Target industry	Forestry
Project base	Invermay
Grant amount	\$35,472

Project owner	Tasmanian Minerals, Manufacturing and Energy Council Limited
Project title	CNC Simulator Skills of the Future
Project description	To assist with costs associated with establishing shared access to privately owned equipment to upgrade training facilities at TasTAFE to upskill apprentices and existing employees to meet industry standards for specialised training specific to Computer Numerical Control (CNC) machinists/operators. The project is aligned with priority actions outlined in the Tasmanian Advanced Manufacturing Action Plan 2024.
Partner	TasTAFE
Target industries	Defence Manufacturing, Engineering, Other manufacturing and Vocational Education and Training
Project base	TasTAFE Bender Drive Southern Campus, Derwent Park
Grant amount	\$38,000

Project owner	Bell Bay Advanced Manufacturing Zone (BBAMZ)
Project title	The Immersive Skills Training Lab
Project description	To provide funding to support the creation of a virtual, augmented and mixed-reality Immersive Skills Training Lab at the Alanvale TasTAFE campus, focusing on training aligned with the advanced manufacturing and the renewable energy sectors. The facility will provide improved access to current technology, equipment and processes for training providers working within these industry areas. The outcomes will address recommendations in the Tasmanian Government's Advanced Manufacturing Workforce Development Plan 2023-2026 and the Advanced Manufacturing Industry Skills Compact.
Partner	TasTAFE
Target industries	Advanced manufacturing and the renewable energy sectors
Project base	TasTAFE Alanvale campus
Grant amount	\$250,000

Project owner	Tasmanian Automotive Chamber of Commerce (TACC)
Project title	The Tasmanian Automotive Training Partnership
Project description	To provide funding to support TACC to update the existing TasTAFE Canvas Learning Management System and the upskilling of TasTAFE personnel in the use of automotive training equipment, media and software resources directly related to the AUR - Automotive Retail, Service and Repair training package. The project will provide automotive trainees and apprentices with better training experiences and learning outcomes that meet industry expectations.
Partner	TasTAFE
Target industries	Automotive
Project base	Hobart
Grant amount	\$214,151

Project owner	Work and Training Limited
Project title	State of the Art Training Equipment (SOTATE)
Project description	To purchase and upgrade specialised resources and equipment for a simulated work environment for aged care and disability training and assessment designed to replicate current industry practices.
Partners	Southern Cross Care and Uniting Age Well
Target industries	Aged Services, Disability Services and Vocational Education and Training
Project base	Moonah, Launceston and Devonport
Grant amount	\$50,000

Project owner	General Practice Workforce Inc.
Project title	George Town Trade Training Centre Re-fit; to grow our own health and community Workforce.
Project description	To support the purchase of specialised equipment and resources for the establishment of a mock hospital and all-ability bathroom at the George Town Trade Centre to accommodate the delivery of nationally accredited training relevant to the Community Services and Health sectors.
Partners	TasTAFE, Port Dalrymple School (incl. Trade Training Centre), George Town Council, HEAART (HR Plus), Future Impact Group (Launchpad).
Target industries	Aged Services, Cleaning, Disability Services, Hospitals, Medical and other health care services, Other community services and Vocational Education and Training.
Project base	George Town
Grant amount	\$49,882

Project owner	Multicap Tasmania Inc
Project title	Devonport Training Centre and Equipment Upgrade
Project description	To purchase equipment and resources to establish a training facility in Devonport and support remote delivery to other locations of the Certificate III in Individual Support and Certificate III in Disability Support qualifications, and associated skill sets, to support increased uptake in training and employment in disability services across northern Tasmania.
Partner	St Michael's Association Inc.
Target industries	Disability Services
Project base	Devonport
Grant amount	\$39,428

Project owner	Aakira Pty Ltd
Project title	Contextualisation of Tasmanian courseware
Project description	To develop contextualised training and assessment materials for qualifications relevant to the Tasmanian rail industry, including the purchase and use of specialised equipment, to improve learner knowledge and skill development and address skills shortages.
Partners	Rail Tram and Bus Union - Tasmania Branch and Hay Rail
Target industries	Transport and Logistics
Project base	Launceston
Grant amount	\$22,740.00
